

# FOR SENIOR LIVING BUSINESS

## SAFEGUARD YOUR BUSINESS WITH MARTIN BROS. SAFE CHECK

From development to implementation, Martin Bros. Safe Check program provides communities with the opportunity to establish credibility and confidence with their residents and their families in four steps.

**CONSULTATION | SOP DEVELOPMENT | TRAINING & IMPLEMENTATION | PROMOTION**

### STAY HEALTHY

The most important thing we can do to stop the spread of germs is to keep hands clean.

RECOMMENDED CLEANING TASK CHECKLIST									
Task	Frequency	Area	Room	Staff	Supplies	Notes	Task	Frequency	Area
Handwashing	Every 2 hours	Restroom	Restroom	Staff	Hand sanitizer		Handwashing	Every 2 hours	Restroom
Disinfecting	Every 4 hours	Common areas	Common areas	Staff	Disinfectant		Disinfecting	Every 4 hours	Common areas

- 1 Work with a certified Solutions consultant to ask questions, determine needs & review staff turnover & training schedule.
- 2 Establish an effective SOP plan complete with:
  - ➔ Task check lists for all areas of the community
  - ➔ Identify frequency for each task
  - ➔ List of EPA registered products for each task
- 3 Coordinate & schedule training/competencies
  - ➔ Video training
  - ➔ Group virtual training
- 4 Build confidence within your community using the power of social media to edify your commitment to providing a safe environment for residents.

Posters to help reinforce your efforts with visitors, including:

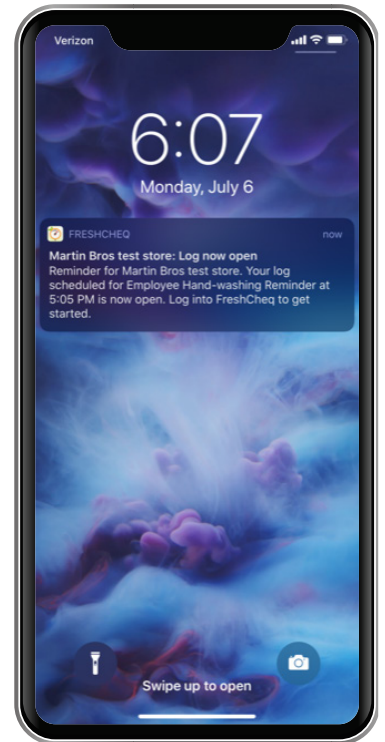

- ➔ Social distancing guidelines
- ➔ Proper handwashing procedures
- ➔ PPE Requirements, & more!

SafeCheck decal to promote your efforts

# AUTOMATED REMINDERS AND ALERTS

Managing tasks day-to-day are extremely challenging in this new environment. Help establish a cadence of accountability through the use of automated reminders and alerts:

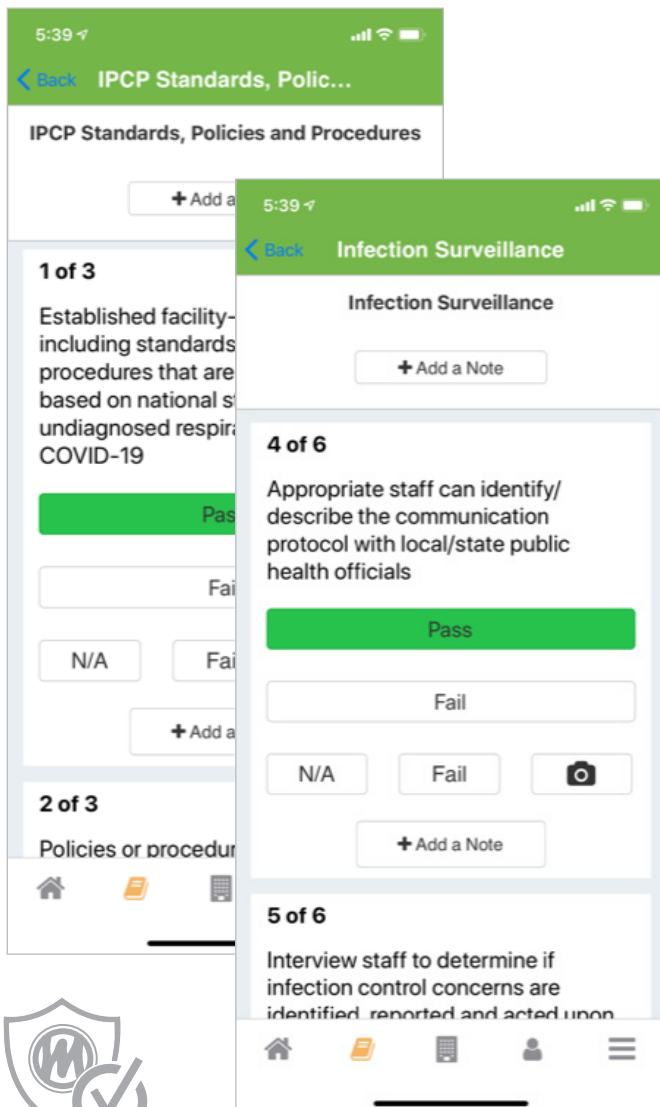

- ➞ Remind staff to wash hands
- ➞ Create top of mind awareness for washing resident's hands
- ➞ Establish accountability for cleaning high touch surfaces with frequency

# SELF AUDITING TOOLS

A series of self audits reflecting the most recent guidelines released by CMS are prebuilt and available for you to use as often as you like to be sure your community is in compliance.

- ➞ General Standard Precautions
- ➞ Hand Hygiene
- ➞ PPE
- ➞ Transmission-Based Precautions
- ➞ Resident Care
- ➞ IPCP Standards & Procedures
- ➞ Infection Surveillance
- ➞ Visitor Entry
- ➞ Education, Monitoring & Screening for Staff
- ➞ Reporting to Residents & Families
- ➞ Reporting to CDC & Prevention

# COLLECT VISITOR DATA

Welcome visitors back to your community confidently and promote safety for your residents and staff with this automated screening tool, available for staff & visitors.

- ➔ Visitor logs for guests and staff
- ➔ Reporting capabilities for tracking
- ➔ Data collection to help with contact tracing while protecting HIPAA laws

Staff & Health Care Providers (HCP) (e.g. agency staff, regional or corporate staff...)

## WHY SAFECHECK?

- ➔ Automated capabilities help to ensure mandatory tasks don't get "missed" or pushed back because of a busy schedule.
- ➔ Reports can easily be accessed, sorted and reviewed by administration as well as clinical team & surveyors.
- ➔ Digital tools are easily embraced by team members today, and will likely have a higher rate of success throughout your communities.

## BUILD AUTOMATION AND ACCOUNTABILITY INTO YOUR SAFETY TASKS – IN REAL TIME!

**30 Days  
FREE**

Standard Operating Procedures are a great first step as communities work to ensure a safe environment for residents, staff & visitors. However, a program is only as good as it's follow through. Establishing a digital solution provides you with a sustainable and automated system to keep track of time and completed/missed tasks for you so you can focus on your residents.

### PAPERLESS

Digital access means logs are never lost or dirty. Data is never erased so you can go back and review or compare logs any time.

### IMPROVE ACCOUNTABILITY

Results tracked in real time provide an overall view of all tasks that are completed or have been missed.

### CUSTOMIZABLE

You determine the tasks necessary for your community, from the dining room to the hallway. Tasks are also easy to add and adjust as needed.

### ALERT SYSTEM

When tasks are missed you will receive an alert, allowing you and your team to quickly respond and correct.

### EASY TO IMPLEMENT

Once tasks and frequencies are established, you begin receiving notifications for all tasks that need to be completed. It's that simple.

### UNLIMITED USERS

Engage everyone on your team! Unlimited user access provides you with the ability to train all staff on the importance of completing daily tasks.

### NO HARDWARE

A cloud-based platform allows you easy access to tasks, reports and more.

### REPORTING TOOLS

Use reports to engage your team and display your commitment to safety with auditors and surveyors.
